

"I get letters from children addressed to Professor Dumbledore, and it's not a joke, begging to be let into Hogwarts, and some of them are really sad...they've convinced themselves it's true,"

"Out of the shadows, a hooded figure came crawling across the ground like some stalking beast . . . The cloaked figure reached the unicorn, lowered its head over the wound in the animal's side and began to drink its blood."

The "hand of glory" In occult teaching is the "right hand of a murderer severed after death."... Harry finds a hand of glory, "a withered hand on a cushion," - for sale in a wizard shopping store.

"I came in here [to the girl's bathroom] and tried to kill myself. Then, of course, I remembered that I'm— I'm—Already dead!"

"A small, muddy, and extremely ugly baby popped out of the earth. . . He had pale, green, mottled skin, and was clearly bawling at the top of his lungs."

## War Cry!

temcat =^..^= - Wednesday, April 17, 2002

This used to be the name of the Salvation Army handout newsletter- but we all know it isn't politically correct to talk about War against sin and evil these days.

This is an urgent arousal call—It is time to forget about being 'Politically Correct!'

If we follow 'policy' instead of the Word of our God, we will loose out!

I want to refer you to our website about the Harry Potter craze. <http://www.harrypottermagic.org/>

This is no small phenomenon; people in the majority are crazy over this phenomenon, Educators and Christian leaders as well! Now ask yourself after you read the brief samples here of the rot that is to be found in these books; remembering that the author has promised us that each book will be 'darker' and more horrible than the one before; that she is hinting at sex scenes as the characters grow into their puberty; realize that these books are being forced on children through the schools and, now— shake your head a few times to get the cob-webs out— WHAT in the WORLD is going on here???

The reason I wanted to share this is that it shows what we are up against in this world. I truly believe this woman writer of the HP books is under contract to Satan. You can't explain the phenomenon any other way. We are very near the end of all things when something as cold-bloodedly gruesome as these books are can be called 'good fun', and by Christians!! For this to be happening we can see clearly that Satan has escalated his attack against humanity on an unprecedented scale and most of us are being kept too busy to even notice.

THIS IS WAR! Brothers and sisters; and what must we do in a war? We must first enlist under the banner of the Lord Jesus; the blood stained banner carried by the saints through the ages of the Great Controversy.

Remember; when you enlist in an army, you cannot then sit down and tell the CO "Well, I am joining the army alright, I know there is a war out there somewhere, but I want you to understand that I have bridge on Monday evenings and I always golf on Wednesdays. I still expect to have time to watch my favourite soaps each day and the sports on the weekend." Do you think the CO would consider you a soldier??

## War Cry

Well, Jesus doesn't either! It's all or nothing with Him. He gave all for you, why should He accept less in return?

Friends; it's time to put the world behind us forever! It's time to wake up and see what the devil is doing to the children! Its time to wake up to the misery, suffering, fear, cruelty and darkness in this world! It's time to trim our lamps and follow our Lord straight forward with no ifs or buts.

Do you realize that Satan has, and is implementing, a well-laid plan to destroy children before they ever even get to know Jesus? He is, through media like Harry Potter, carefully teaching them how to get into his ranks as active spiritists in their babyhood almost! And yet what are we doing? Jesus said 'suffer the little children to come to ME!' Are we taking the lambs by the hand and like the mothers of Jerusalem leading them gently to the Saviour? Are we telling them there is a foe to avoid and informing them carefully of the lies and tricks he is using to destroy THEM? Satan has witches carefully taking them by the hand to lead them —to hell!

It is not enough to send children to SS School or even church school and think that is all that is needed— friends; these sources have become to a large extent muddled by the current darkness. Children do NOT need entertainment— they need a SAVIOR! They need you to show them how to come to Jesus and get under the wings and stay there; they need you to tell them how to flee to Him for guidance and protection in a world gone crazy; they need you to teach them the promises and show them how to stand on them; they need to be shown what to do, and how to seek heavenly power when they are afraid and confused in this dark world; they need to be shown the prophecies on a level they can understand, so they can realize God's plans working out in this world; Children do NOT need fancy hoopla and games and nonsense, they need heart religion, and they need to learn it from you!

You can't give it to them, or anyone for that matter, if you don't have it yourself! If you don't, friends, don't let another hour go past before you cast yourself before your Saviour and don't get up until you KNOW the Holy Spirit is within and your whole heart is surrendered!

You will then be enlisted—Now for the WAR! What is it that Satan fears the most? It is that Christians will wake up to what he is doing and fall on their faces before God, claiming the power of Heaven and the Mighty Promises and PLEAD for the light, for the Truth to go forth, for the Children to be saved, for the Powers of evil to be driven back on their haunches. Brothers and sisters, we wrestle not against flesh and blood, therefore the battle is won or lost on our knees. We need to speak up and warn others – it is true; but Satan doesn't worry a twit about us, as long as we just sit together and nod our wise, old heads and say piously, "OH! Isn't it terrible? Isn't it horrible?"

Do you care that Satan is carefully educating the children that Jesus died for, so they will be slaves to him and perish miserably, never seeing the face of their Redeemer? Do you care that Christian leaders have so repudiated Inspired Counsel that they do as they please in our churches instead of obeying God's straight and narrow guidelines? Do you care that millions are being tricked, enslaved, destroyed and they haven't even heard of the way of Righteousness? Do you care that babies are being murdered cruelly, and animals are tortured horribly, wholesale in this world? Do you just want to hide your eyes and seek all the pleasure you can find for the moment while fooling yourself that you are OK with God because you go to church? Does the truth of what is happening make you so scared, you reject it, and chase after some entertainment to keep your mind off it?

If you don't care; then seek entertainment, seek fun, eat drink and be merry— because this is the only 'heaven' you will ever see!

If you DO care; then get where the battle is to be fought—on your knees in humility and repentance and plead for God to make bare His Mighty Arm and turn back the hosts of darkness—light your lamp and

## War Cry

stop worrying about offending people—worry about offending God! Cry unto Him that the oppressed, the innocent, those who haven't had the light you have, get a chance to choose the Saviour's service and break away from the cruel foe. Then whatever way He guides you to sound the alarm and pour out the light for the world, DO IT! Never mind asking permission from men at one, three or four levels, to get their consent, before you obey your Lord!

Remember Gideon's pitchers were just clay vessels, but when they were broken, the light poured out! We are only clay vessels, but when we are broken in repentance and contrition before the Lord, and plead for power from heaven to raise a standard against the forces of evil— light will stream forth!

We don't have much time, "The NIGHT cometh, when no man can work!"

"It must be time for the waiting Church  
To cast her PRIDE away;  
With girded loins and Burning Lamps  
To look for the Breaking of the Day!"

Truth is Truth!
