Mulled apple cider, delicious snacks, followed by Arthur Miller's uncompromising exploration of how the Salem witch trials unfolded as it played out in the Salem witch trials. The Crucible is the story of John Proctor, a man torn between the woman he married and a fatal attraction for a young girl.

Don't miss Kristin Smith's bold set concept, Matt Nutter's haunting sound design, the wizardry of Eric Dorzab's lighting design, and Alexia LeFore's striking costumes.
